

#### GOAL

My goal is to obtain a full time position in the graphic design industry where I can utilize my skills and abilities to their fullest.

#### SKILLS

I have gained my design skills through the very rigerous and prestigous Graphic Design Program offered at California State University Sacramento. I have experience in Design Production and Management, Photography, Color Theory, Web Design, Typography Design, Corporate Identity, and Package Design.

#### EDUCATION

California State University Sacramento  
Bachelor of Science, Graphic Design Graduated May 2008

Consumes River College  
General Ed., Graduated May 2004

CK McClatchy High School- Sacramento, CA  
Graduation Date: June 1999  
Emphasis – Drafting & Craft

#### ATTRIBUTES

I learn quickly and work carefully with the big picture in mind at all times. I am highly creative and have a versatile design style. One of my strongest points is my organizational and problem solving skills and the ability to handle multiple projects and meet deadlines. I have a strong attention to detail and can work in both individual and group situations.

#### COMPUTER SKILLS

I am proficient in both Mac and PC platforms in these programs: Adobe Illustrator, Photoshop, InDesign, Dreamweaver, Flash, MS Office, AutoCAD, and Director.

#### EMPLOYMENT

McColloch's RV Repair. June 1993 - Current  
RV Mechanic

Although this job was not a design related job many factors related to this job apply in a design studio work place such as the ability to problem solve while staying within budgets of time and money. I have experience with customer service and answering phones, as well as experience with the day to day operations of how a business runs and operates.
